## Notification of an Assessment Task

**Name and Type of Task: Value Adding Portfolio**

**Subject: Stage 5 - Agriculture**

**Task Number: 3**

**Date Issued: Week 8 -Monday 5<sup>th</sup> September**

**Date Due: Week 2 Term 4 Thursday 20<sup>th</sup> October**

**Total Marks: 30**

**Weighting: 30%**

**Class Teacher/s: Mrs Earney**

**Head Teacher: Mr Small**

**Submission Instructions – You need to print and submit by the end of period 4 on Thursday 20<sup>th</sup> October. To be submitted as a portfolio.**

### **Task Context:**

This term in class you have been learning about agriculture marketing and beef production. In this assessment you will have the opportunity to demonstrate your understanding of value adding.

### **Syllabus Content:**

AG5-1 explains why identified plant species and animal breeds have been used in agricultural enterprises and developed for the Australian environment and/or markets

AG5-2 explains the interactions within and between agricultural enterprises and systems

AG5-3 explains the interactions within and between the agricultural sector and Australia's economy, culture, and society

AG5-5 investigates and applies responsible marketing principles and processes

### **Task Description:**

You are required to research and present information on ONE of the following products which can be value added:

Parsley	Poultry
Mint	Potatoes
Thyme	Eggs
Beef	Tomatoes
Lamb	Flowers
Citrus	Negotiated item (this needs to be discussed with your teacher)

You need to present the following:

- 1) Description of the raw ingredient - How to grow it, where to grow it, when to grow it, how to harvest it & the different varieties available
- 2) Analysis of the domestic market of your raw ingredient.
- 3) Analysis of the international market of your raw ingredient.
- 4) Identify a value-added product of your raw produce. Explain why it is a value-added product

5) Design an appropriate label and packaging for your value-added product. Justify your packaging choice.

**Criteria for Assessing Learning:**

You will be assessed on your ability to:

- Identify and describe an animal or plant raw product.
- Analyse the domestic and international markets for chosen agricultural raw product.
- Explain a value-added product.
- Design promotion material for the value-added product.

**Key Verbs:**

Identify: Recognise and name.

Describe: Provide characteristics and features.

Evaluate: Make a judgement based on criteria; determine the value of.

Design: Do or plan (something) with a specific purpose or intention in mind.

Explain: Relate cause and effect; make the relationships between things evident; provide why and/or how.

Analyse: Identify components and relationship between them; draw out and relate implications
